

TechPlex 150

TechPlex 150 is an acrylic rear projection screen material formulated with a neutral density gray tint for enhanced contrast

TechPlex 150 is an acrylic rear projection screen material formulated with a neutral density gray tint for enhanced contrast. TechPlex 150, normally used in single projector applications, is excellent in rooms where high ambient light is a concern and is appropriate for moderate viewing angles. This material is a perfect choice for passive 3-D rear projection applications.

FEATURES

- Identical gain and color matching for multiple screen applications

Material Type	Acrylic Rigid Rear Screen
Gain	1.5
Half Gain	31 degrees
Minimum Throw Distance	1.5 x image width
Ambient Light Front Reflectance Value	11% per foot candle
Ambient Light Resistance	Excellent performance in ambient light
Lay Flat Quality	Fair
Flame Resistance	No
Size Limitations	9' x 25'
Screen Models	Rigid frames, MVP, and multi-masking systems
