

P5000 Quick-Stall Frame

The Quick-Stall Frame allows for easy installation of rigid rear screen materials by eliminating the need for a finish trim

P5000 Quick-Stall Frame

The Quick-Stall frame covers unfinished edges with a built-in 5/8" trim. Create a professional atmosphere by applying Stewart's optional VeLux appliqué.

FEATURES

- Allows for easy installation of rigid materials
- Sturdy aluminum construction
- 3" exposed frame surface
- Covers unfinished molding with a built-in 5/8" trim flange
- Beveled edge (45 degree) bringing the image closer to the audience
- Designed to be inset into a wall or cabinet
- Create a professional atmosphere with Stewart's optional VeLux™ appliqué
