*Established by quoting the smallest size screen available without any upgrades or optional features.

Producers of Professional Projection Screens

Cima AC is a cleanly detailed, above ceiling retractable screen featuring two exceptional optical fabrics. Choose either Neve, an exemplary matte white imaging surface, or Tiburon G4, a neutral density gray matte surface, specially formulated for aiding black level performance. ETL approved, **Cima AC** comes in preconfigured size ranges, as well as in HD, Scope or 16:10 formats. Each screen comes standard with a 6 or 12 inch black drop, as well as a versatile, standard control package. **Cima AC** combines exceptional quality with affordability.
