Producers of Professional Projection Screens

Luxus Medio features a quiet running in-tube motor, mounted in an extruded, lightweight, aircraft aluminum, 6 inch roller tube. **Luxus Medio** can deliver images up to 16 feet 9 inches in width. Add black drop above or below the image to include deployments up to 14 feet 6 inches. A typical venue application would be an HD formatted image at 231 inch diagonal with 4 feet of black drop above the image.
